

# Speak

Sometimes we can  
be silenced  
by our experiences

Not allowing ourselves  
to move  
beyond our traditions

Muzzling our mouths  
speaking ~~silently~~ quietly  
~~Not wishing~~ Not afraid (to be) heard  
?

We can tear  
down many  
walls of \_\_\_\_\_

If we'd utilize  
a powerful  
useful, resourceful (fool) } (OK??)

To break chains  
and breakthrough  
Being more sufficient

There are instructions  
for all  
who will if they  
Choose

To read and  
to speak  
and meditate on

To hear &  
to obey  
and move  
upon.

~~We must~~ The  
words we

- speak can  
- bring new  
life

- The words we  
- speak can

Restained Recollection

What was life like  
when I was a young child

One of my earliest memories  
was my attendance at Head Start

What was that anyway  
and how did I get who dropped me off & picked up

I remember being in a  
kitchen-like play area

A mean little girl took a toy  
a toy I had from me and fear arose

Restained recollection

Why was I so scared  
didn't I fight back, lowered my head

In the gym area a boy  
fell & bumped his head

vomited and appeared to seize  
I was so sad.

Past this early phase  
onto another.
